

Stay Home if Possible

Call 911 if Symptoms Worsen

Call 911 immediately for any
breathing difficulties

For the latest CDC information, go to: <https://www.cdc.gov/coronavirus/2019-ncov/index.html>

If you are experiencing flu-like symptoms (fever or cough), please call your doctor before calling 911. The doctor will advise your best course of action which may be to self quarantine at home for recovery.

Limiting person-to-person contact is necessary to contain the spread of this virus.

The Harrington Park Volunteer Ambulance Corps is taking the necessary precautions to maximize the safety of our crews, first responders and patients. As we have done for the past 63 years, we will continue to perform our duty to the best of our ability.

Please remember that 9-1-1 is for true medical emergencies

If you have an emergency, please answer all questions regarding your health truthfully and honestly.

Your answers will not affect our response.

They will serve to protect our first responders and aid in our community efforts to mitigate this health emergency.

We protect you and our crew by deploying appropriate Personal Protection Equipment (PPE) including:

Gloves, N95 masks, gowns/coveralls, eye protection, foot covers
